Williams & Partners has been engaged by the Company to offer for sale, out of administration, the business and assets of an established vehicle recovery operator based in the North of England. The business continues to trade and is expected to do so up to finalisation of the transaction.

The Company provides vehicle recovery and roadside assistance services for private motorists and light commercial vehicles. It operates from leased premises incorporating vehicle storage and workshop facilities and employs an experienced team of qualified recovery drivers and operational staff. The business has established relationships with motoring organisations and accident management providers. Certain customer contracts may require consent, novation or renegotiation following any sale or change of ownership.

The business operates a fleet of specialist recovery vehicles, the majority of which are subject to finance agreements. The fleet is of an older profile and will require investment and renewal. If the current fleet is required, a purchaser will be expected to settle or novate the relevant finance facilities, subject to lender agreement, together with acquiring the goodwill and operational assets of the business.

If you are interested in learning more about the above opportunity, please note that offers must be received by no later than midday on Monday 17 August 2026 with a sale concluded by no later than close of business on Wednesday 19 August 2026 (subject to the novation or settlement of the finance agreements). Accordingly, only parties able to work within this timeframe should respond. However, Williams & Partners Ltd reserves the right to close the bidding process early or extend the deadline without liability or prior notice.

Due to the confidential nature of this sale, interested parties will be required to sign a Non-Disclosure Agreement before any information is released. Proof of funds will be required with any offer submitted. Williams & Partners Ltd reserves the right to request satisfactory evidence of funding at any stage of the sales process and may discontinue negotiations with any party that is unable or unwilling to provide such evidence.
